ADVENTURE section F AND

Z. Raptor

When scientists steal advanced video game technology belonging to Adam Adlar's father that allows characters to be controlled with the user's thoughts, they combine the technology with dinosaur DNA to create super-intelligent Velociraptors.

SCI-FI section F COL

Insignia

Tom, a fourteen-year-old genius at virtual reality games, is recruited by the United States Military to begin training at the Pentagon Spire as a combatant in World War III, controlling the mechanized drones that do the actual fighting off-planet.

SCI-FI section F KIN

Click Here To Start

Ted meets his great-uncle, also named Ted, as he's in the hospital, dying. Uncle Ted's final words to his nephew set young Ted off on a hunt for treasure, even though he's uncertain what the treasure is....and the clues are embedded in a video game.

MYSTERY section F MAR

The Videomaniac

At a local flea market, thirteen-year-old Brian Hart meets a creepy old man who gives him homemade computer software that can predict NFL games before they're played. But is the power to see the future really as beneficial as Brian believes...?"

F MAR

Crypt Quest/ Midnight Arcade

In this choose-your-own-adventure story, the reader enters an abandoned mall where there is a video arcade managed by a ghostly attendant. He gives the reader a magical game token for one of two video games--Crypt Quest or Space Battles--and the reader becomes trapped inside the games and forced to make different choices that will either release or kill the reader.
